Ven4ma can adhere to drywall, MDF, metal, etc. Flat laminating, vacuum forming, or miter folding, the choice is up to you. Our manufacturing processes allow you to create the look you desire.

Enhancing spaces, providing durable wall protection with exceptional life-cycle value and lowering repair cost for healthcare, hospitality, education, and government facilities.

Creating organic, free flowing spaces is now easy with Ven4ma. Flexing to a minimum 6" radius, with durability and ease of installation, you now have the freedom to create without limitations.

Stiles, Rails, Mullions, Caps & Base

Our Spectrim® films are wrapped over solid FR ABS parts creating highly durable and decorative moldings. Mix and match to create a stile and rail wainscot or use contrasting colors for a two-toned effect. Provide protection against damage from chairs, gurneys and other abuse. Typically used in waiting rooms, high traffic corridors, and equipment storage areas.

Ven4ma® Corner Trim

Our unique capabilities provide form fitting, easy to install corner guards at an economical cost. Thermally formed corner guards install with double faced tape. Ven4ma corners are all Class 1/A fire rated.

CORNER TRIM MEDIUM V4CM-**-120 .040" x 1" x 1" x 120"L
CORNER TRIM LARGE V4CL-**-120 .040"x2"x2"x120"L
